Avatar – Parcae

The Parcae are now in the service of the Black Rose, weaving the web of destiny according to her plans. Can you stop them before the pattern is completed?

Avatar Card Anatomy

A **Avatar Effect** ⚙: The Effect indicated by the ⚙ symbol on the Avatar Card must be resolved whenever the Effect of a Command Card shows the ⚙ symbol.

B **Avatar Tool** ⚙:
The Avatar uses a Tool, which is indicated in the Effects with the ⚙ symbol. The Parcae's Tool is the Fate Token.

C **Avatar Skills:**
The Parcae have the Avatar Skills explained in detail on page 9.

Parcae Setup

Apply the following steps during **step** 3 of the **Avatar Setup**:

- Clip the Avatar Base to the **Parcae** Model.
- Place the **Parcae** Model in the *Black Rose Room.*
- Remove the **Weaving the Destiny** card from the Forgotten Spells Deck.

Avatar Special Rules — Parcae

FATE TOKENS

Some Effects of Parcae Command Cards place Fate Tokens in the Rooms. A Room may contain a single Fate Token. If an Effect indicates to place a Fate Token in a Room that already has one, or indicates to place one but no Fate Tokens are present in the game pool, no Fate Token is placed.

TRAP OF FATE

The back of each Parcae Command Card shows a Trap Activation Token.
This Trap Effect is triggered if another Mage enters a Room with a Fate Token inside.

When this happens, reveal the top card of the current Moon Avatar Command Cards Deck and resolve the **Trap** Effect of the revealed card, then discard the Fate Token. The target of this Trap Effect is always the Room where the Fate Token that triggered it is located.
Command Cards resolved in this way **do not count** towards the limit of cards the Avatar must resolve in the Action Phase.

Avatar Skills — Parcae

Ineluctability
If the Parcae begin their Activation in their own Cell, they place themselves in the *Black Rose Room* before revealing the Command Card.
