Avatar Special Rules — Hastur

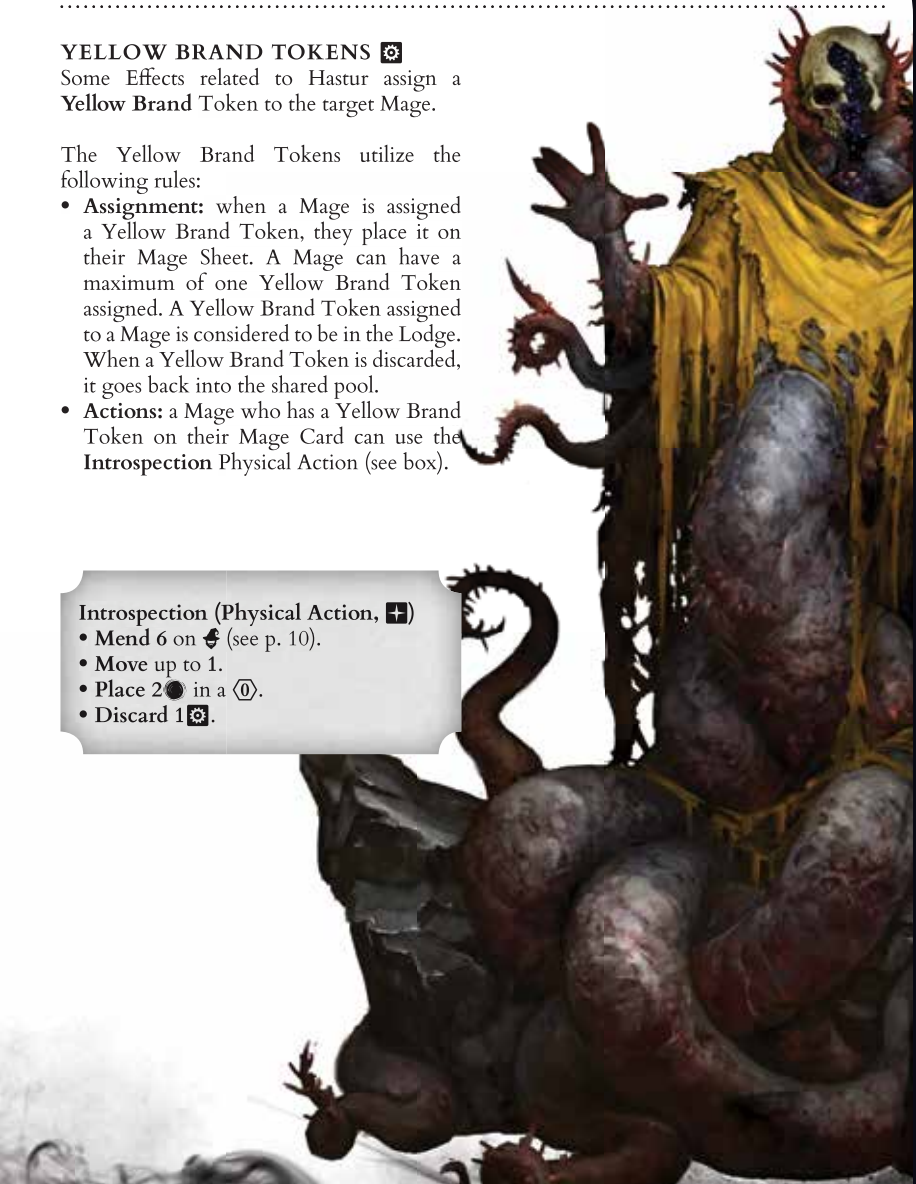

YELLOW BRAND TOKENS

Some Effects related to Hastur assign a **Yellow Brand** Token to the target Mage.

The Yellow Brand Tokens utilize the following rules:

- **Assignment:** when a Mage is assigned a Yellow Brand Token, they place it on their Mage Sheet. A Mage can have a maximum of one Yellow Brand Token assigned. A Yellow Brand Token assigned to a Mage is considered to be in the Lodge. When a Yellow Brand Token is discarded, it goes back into the shared pool.
- **Actions:** a Mage who has a Yellow Brand Token on their Mage Card can use the **Introspection** Physical Action (see box).

Introspection (Physical Action, +)
- **Mend 6** on ❤ (see p. 10).
- **Move** up to **1**.
- **Place 2** ● in a ⟨0⟩.

- **Trauma N:** a Mage targeted by a Trauma N Effect places **N** from their pool on Hastur's Avatar Card. These cannot be used by the owner.
- **Mend N:** a Mage targeted by a Mend N Effect must take **N** of their own from Hastur's Avatar Card and place them in their own pool. For each the Mage cannot regain because of this Effect, the inflicts 1.

Legendary Scenario: Lands of Hastur

A Legendary Scenario is a special game that allows you to play an event from the world of *Black Rose Wars: Rebirth* by applying a specific set of new rules.
In the **Lands of Hastur**, the Mages will have to face Hastur, who wishes to turn every member of the Lodge to his service.

Additional Setup

Apply the following during the regular Game Setup:

- **Before step 4:** replace a Room other than the *Throne Room* with the *Skulls' Throne Room* so that they are in opposite positions (see Lodge Layouts on the next page) and turn them over to the rebuilt side. Place the corresponding Room Activation Token on each of these Rooms.
- **Once the Setup is complete:**
  1. Place the Second Moon Cube on Slot 5, the Third Moon Cube on Slot 14, and the Black Rose Cube on Slot 33 of the Power Board.
  2. Carry out the steps of the Avatar Setup indicated in the core rulebook of the game. Hastur is the Avatar for this Legendary Scenario.

Scenario Rules

The following rules apply while playing this Legendary Scenario:

- **Chosen One:** on step 2 of the *Clean-up Phase*, the player who has the Crown gains 1.
- **Enlightenment:** when a Mage gets the Crown, once they have resolved the Effect that allowed them to get it, they may perform **Introspection** (see p. 9) without exhausting a Physical Action Token.
- **Quest Change:** If a Mage draws a Quest Card that requires the use of a Room not in the Lodge, the Mage may reveal the Quest Card, discard it, and draw a new one.

Chain Quests

Chain Quests introduce a new system of public Quests in which all Mages can participate during the course of the game.
The rules introduced in this chapter allow the use of **Chain Quests**, a new way in which Mages can gain rewards.
Chain Quests can be included in any *Black Rose Wars* game as an additional module. To do so, on Step 7 of the Game Setup, choose how many and which Chain Quests to include in the game. For each one, take all the Chain Quest Cards with the same name, then proceed as indicated below for each one:

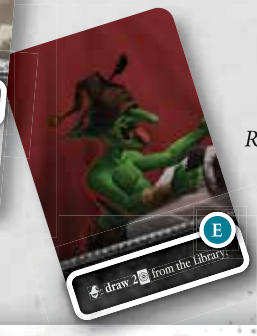

- Place all Chain Quest cards on one side of the table so that the Condition Side is showing.
- Sort the Cards by forming a row, so that their Quest Numbers are ordered from lowest to highest.

Using Chain Quests

COMPLETING A CHAIN QUEST

At any time during the game, when a Mage meets the **Completion Condition** of a Chain Quest Card turned to its Condition Side, that Mage **may** place one of their own ❐ on the leftmost Cube Slot that is not already occupied by a ❐.

In games with up to **3 players**, the Chain Quest is considered **Completed** when a Mage places a ❐ on the first Cube Slot showing the symbol, starting from the left.

In games with **4 or more players**, the Chain Quest is considered **Completed** when a Mage places a ❐ on the second Cube Slot showing the symbol, starting from the left.

SOLVING A COMPLETED CHAIN QUEST

When at least one Chain Quest is Completed, wait until the current Effect, if any, is fully resolved, then each completed Chain Quest is **solved**, starting with the leftmost Chain Quest and proceeding to the right.

To solve a Chain Quest, proceed as indicated below:

- Take all ❐ on the Chain Quest Card off the card.
- Turn the card over to the Reward Side.
- Starting with the First Player and proceeding in turn order, each player who placed at least one of their ❐ on the Chain Quest Card applies the Effect shown on the Reward Side.
- Each Mage takes the ❐ they placed on the Chain Quest Card and places them in their own pool.

Please note: an Avatar never places one of their own ❐ on Chain Quest Cards, even if they meet a Completion Condition.
