Components

1 MAGE CARD

Prospero can be chosen as a Mage during **Step** 8 of the Setup described in the core game manual.

3 PERSONAL SPELL CARDS

1 EVOCATION CARD

Add this card to the Evocation Cards Deck of the core game.

1 FORGOTTEN SPELL CARD

Add this card to the Forgotten Spell Cards Deck of the core game.

Models

Prospero

"From fire to ashes and from ashes to fire, in a continuous cycle of death and rebirth."

In this expansion you will find all the rules for playing **Prospero**, **Cinis the Phoenix** and the **Phoenix Familiars**.

Prospero, a wizard born into the art, has arrived at the Lodge to carry on his father Nero's name.

Cinis, the Phoenix of Rebirth, is summoned by a very powerful forgotten spell that is said to be part of ancient studies of the School of Destruction.

The **Phoenix Familiars** are new and helpful pups who know how to make themselves loved.

Familiars

A Familiar is a special Evocation that a Mage can summon using the Room Effect associated with it. The Familiar has a special bond with the Mage who summoned it, serving them with its powers and protecting them at the same time.

To use Familiars in a *Black Rose Wars* game, follow the directions below.

Setup

Place the Familiar Room in the Lodge, replacing a Room of the same color chosen by common agreement among the players. Place all other Familiar materials to form a reserve accessible to all players.

FAMILIAR CARD ANATOMY

- **A** Illustration, Name and Archetype
- **B** Familiar Action Token
- **C** Hunting Skill
- **D** Guarding Skill
- **E** Speed and Strength Value
- **F** Health Slots
- **G** Familiar Action Token Slot

Summoning a Familiar

A Familiar can be summoned only if one of its Models is available in the reserve. When a Mage summons a Familiar, they place the Model of that Familiar in the Room they are in, attached to their own Model (Guard Position). They then take the Familiar Card and place it in one of their own available Evocation Slots, and then place the Familiar Action Token on the Familiar Action Token Slot, showing the active side.

A Mage can have a maximum of one Familiar among their Evocations.

Cenere

Pira

Familiar's Actions

The Mage who owns a Familiar has access to new **Actions**, which can be used by flipping the **Familiar Action Token** on its Exhausted side. These Actions are:

- **Assault:** only if the Familiar is in Guard Position, the Familiar switches to Hunt Position and its Model releases from that of the owning Mage, then the Familiar **activates**.
- **Flanking:** only if the Familiar is in Hunt Position and is in the same Room as the Model of the owning Mage, the Familiar switches to Guard Position (the two Models attach).
- **Concentration:** only if the Familiar is in Guard Position, apply the Effect of the Familiar's Guarding Skill.

An Exhausted Familiar Action Token becomes Available again at the end of **step 1** of the next *Clean-up Phase*.

Familiar's Positions

A Familiar is always in one Position of the two available; these are:

Guard Position: in this Position the Model of the Familiar and the Model of the owning Mage are **attached** and are considered as **one Model.**

Hunt Position: in this Position the Model of the Familiar and the Model of the owning Mage are **released**, and are considered **two separate Models**.

Each Familiar's Position has specific rules:

GUARD POSITION RULES

In this position, these rules apply to the Familiar:

- It is not considered in the Lodge.
- Its Hunting Skill **is not active**.
- It can sustain an amount of 💔 instead of its owning Mage, up to the number of free Health Slots on its Familiar Card. The owning Mage can freely choose how to distribute this 💔.
- The owning Mage can use the **Concentration Action**.
- The owning Mage can use the **Assault Action**.
- When the owning Mage is defeated, if the Familiar doesn't have all its Health Slots occupied by 💔, the Familiar remains in the Room in Hunt Position.

HUNT POSITION RULES

In this position, these rules apply to the Familiar:

- Is considered an Evocation of the owning Mage.
- Its Hunting Skill **is active**.
- If at the end of the Clean-up Phase the Familiar is within a ⟨1⟩ from the owning Mage Model, it can move to a Guard Position **without spending the Familiar Action Token**.

Damage and Defeat of the Familiar

When a Familiar sustains 💔, place that many Cubes on its Health Slots. A Familiar can never sustain more 💔 than its available Health Slots.
When all the Health Slots of a Familiar are occupied by 💔, the Familiar is defeated; remove its Model from the Lodge and put all its materials back into the reserve.
